# WHY IS FINLAND'S EDUCATION SYSTEM SO FAMOUS?

# Finland can't afford not to have top education

# Our history

A high-angle, close-up shot of Spider-Man in his iconic red and blue suit, crouching on a ledge overlooking a sprawling city at night. The city lights are visible in the background, and a tall building with a spire is prominent on the right. The text "With Great Power Comes Great Responsibility" is overlaid in white on a dark horizontal band across the center of the image.

# Eduten in Chile

We always adapt our platform and contents to the local reality in cooperation with local experts.

We always adapt Eduten to the local curriculum. SIMCE is taken into account when adapting Eduten for Chile.

We have worked here since 2020 and we have experience from more than 100 schools, eg. Colegio Manuel Blanco Encalada Los Ángeles, Liceo de San Nicolás, Colegio Aleman and Colegio de la Santísima Trinidad de Concepción y Liceo TP El Sauce.

# Eduten Research Pilot

A 4-week trial to test and learn about Eduten:

1. Eduten experts train and support the teachers
2. Teachers use Eduten with their students for 4 weekly lessons in the classroom and for homework
3. Eduten's pedagogical experts analyze the student data and write a report and a recommendation for the school leaders.

# ¡Muchas Gracias!
